LEGAL MATTERS

2.5.1: "There shall be no training of dogs on the grounds of a hunt test, except for single training bumpers which are thrown by hand by the handler, either within 24 hours of the commencement of the event, or at any time during the event. The Hunt Test Committee is responsible for enforcement of this provision."

20.7: "It shall be the duty and obligation of the event giving club to see that a judge, club official, volunteer, or any participant at a hunt test held under these regulations, is not subject to any indignities. The Hunt Test Committee Chair shall promptly report to the CKC any infringement of this regulation, and the Discipline Committee shall have the authority to take such action as it deems fit on receipt of a report indicating that this has occurred. A copy of this regulation shall be prominently placed in every premium list and catalogue."

COVID GUIDELINES: PLEASE READ PRIOR TO ARRIVAL

- All handlers will be notified to go directly to the site of their stake and avoid all congregating in central areas
- Social distancing practices will be in place. Be mindful when speaking with others
- Parking - Please leave more space between your vehicles, within reason.
- Bring your own food and drinks, no lunches or snacks will be provided
- Remove all your garbage from the grounds. There will NOT be garbage bins available
- Bring your own duck call and whistle. These items will NOT be supplied
- You may be required to place the bird in the bucket and/or on the drying rack and/or on the ground. Judges will NOT be required to take the bird from the handler but it will be entirely up to the judge's discretion as to how this is handled at each stake
- Avoid putting items (leashes, jackets etc.) on the holding blinds to avoid cross contamination as well as ensuring that social distancing is maintained
- Bring your own mask and gloves (if you choose to wear them). If handlers choose to wear protective gloves to the line, they must dispose of the gloves after leaving the line and put on new gloves with each ensuing series. If handlers choose to wear a mask to the line, they cannot touch the mask to move it up or down to use their whistle. This is equivalent to touching their face/mouth and they MUST sanitize their hands immediately
- There will sanitizer spray and paper towel outside the washroom – please ensure you sanitize surfaces after using the washroom
- Only the handler of the dog should attend the event. This helps to keep attendance numbers low and reduce the risk
- Handlers are expected to leave after their stake is over. Please don't put us in an awkward position.
- A hand hygiene station will be set up at each stake between the last holding blind and the line. The station will include a hand pump bottle of hand sanitizer. Hand hygiene is required to be performed by everyone when:
 - on their way to the line
 - after leaving the line
 - routinely throughout the day
- Please bring your own sanitizer for your personal use outside of the stake area. Commonly touched areas will be cleaned and disinfected regularly throughout the day.

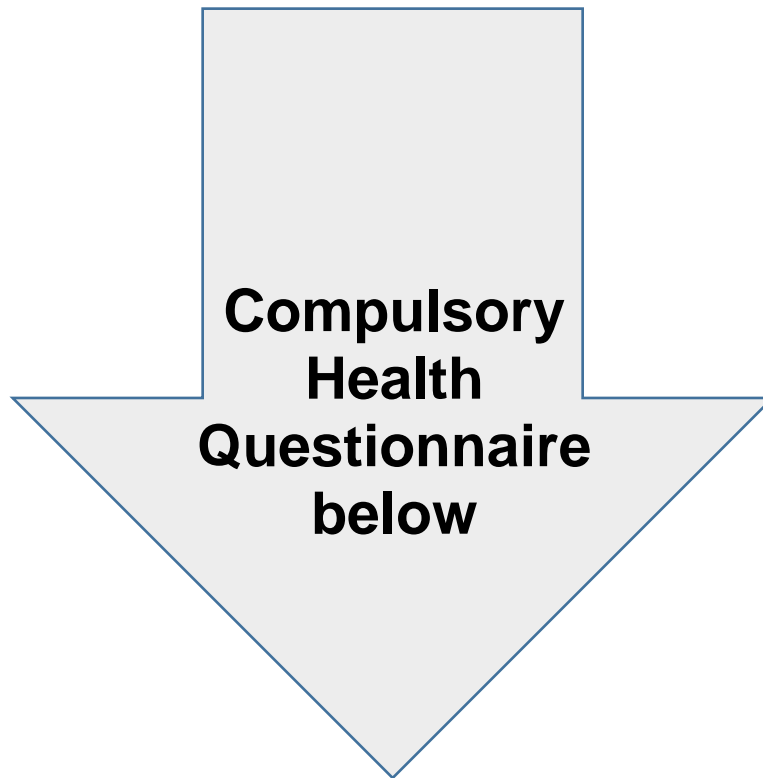

Test dog / gallery guidelines:

- Gallery must maintain social distancing at all times, handlers should only sit in their own personal chair and not use other people's chairs or umbrellas etc.
- Handlers will be expected to observe social distancing to watch test dog and plenty of time will be allowed for people to approach line one at a time to inspect the line in order to avoid crowding

Bird delivery:

- Marks: handlers will hang their own birds or place directly in a bucket after delivery, it will be the judge's discretion to inspect and ensure sanitization procedures are followed if they have a question on a dog's bird handling

Quartering: handlers will take the birds from the dog and place them on the ground behind them; after the handler has moved on the judge will pick it up and replace it
