

Reserved Grooming Space

Altho this event is 'Show & Go' we fully understand some exhibitors will require an area to prep their dog for the ring. Therefore due to Covid regulations we will assign grooming space to adhere to social distancing policies. If you wish to set up with another exhibitor who is in your bubble please let us know. This will help us to efficiently utilize all the space we have.

Please Note

If we do not receive a reply, we will assume you will not require space and that you will only arrive shortly before your ring time and will depart the premises once your dog is no longer required for judging!

Provide us with the following info (for the dogs you have entered only) so we can ensure you have sufficient space!
